

AMG 2004 LICENCE V.1

Purchasers of AMG CD's who wish to make commercial use of the CD (i.e. include any part of it in any recording made available to the public) or to use it for any form of academic purpose whatsoever must obtain a licence prior to any such use on the following terms from AMG.

If you do not obtain a licence any commercial or academic use of the CD will infringe AMG copyright and AMG may be entitled to damages for this infringement and to stop the sale or distribution of your recordings.

All material on AMG CD's has been specifically recorded by artists chosen by AMG and the artists have consented to such material being licensed by AMG under this Licence. Licensees should note that AMG specifically does not warrant that it owns all rights to all material comprised in its CDs and AMG accepts no liability for any direct, indirect, or consequential loss arising from the use by Licensees of AMG's Products.

This Licence will be granted by AMG once you, the purchaser (also called the Licensee) of the AMG Product has sent by mail a signed copy of this Licence to AMG together with proof of purchase(s) for each Product covered by that agreement including your signature and the unique product number from each CD you are registering, which may be faxed if preferred. The Licence is only effective when the Licensee and Product Authorisation Numbers (PAN) are issued by AMG and filled in on the space provided on each CD. Details of all current fax, e-mail, and postal addresses for such communications are available from AMG's website - www.amguk.co.uk Once the licence has been granted, then additional Products may be licensed simply by faxing an invoice as proof of purchase to AMG including your Licensee Number, the Unique Product Number (UPN) from the CD and your signature. Upon receipt AMG will issue a Product Authorisation Number (PAN) via e-mail and/or fax. AMG reserves the right to withhold a Licence in certain circumstances.

Therefore, in summary, to obtain a licence for AMG Products you must:

- A) Post a signed licence agreement for the products you wish to have covered by this licence.
- B) Send or fax invoices/proof of purchases for all those Products including your licensee number (if already issued), signature and Unique Product Numbers (UPN) from the CD of each.
- C) Receive a licensee number from AMG that you mark on every Product it applies to and Product Authorisation Numbers (PAN) for each Product that you additionally mark on each CD in the space provided. You will only ever have to sign one licence agreement unless it's terms are varied and therefore a new licence applies to some future releases. AMG intend to make the registration of additional Products as quick and easy as possible.
